

SEVENOAKS

PREPARATORY SCHOOL

Child Protection Policy

This is a core policy that forms part of the induction for all staff. It is a requirement that all members of staff have access to this policy and sign to say they have read and understood its contents.

Date of last review:	September 2026
Review Frequency:	At least annually

This policy will be reviewed at least annually and/or following any lessons learnt and/or updates to national or local guidance and procedures.

Status and Review Cycle	Statutory / At least annually
Policy reviewed and amended	September 2026
Next review date	September 2027
Governor Lead	Mr Kevin Rush and Mrs Tiffany Hornshaw
Policy Holder	Anna Arnett, Head of Pre-Prep & DSL Anna.arnett@theprep.org.uk

What to do if you have a welfare concern at Sevenoaks Prep

Why are you concerned?:

- something a child has said, such as an allegation, disclosure or comment that causes concern
- changes in appearance, presentation, behaviour, emotional wellbeing or attendance
- unexplained injuries, marks or bruises
- witnessed or reported concerning, harmful or inappropriate behaviour, including online
- concerns linked to family circumstances, peer relationships or wider community context

Act immediately and record your concerns: If urgent, speak to a DSL first

Follow the Sevenoaks Prep procedure:

- Reassure the child and listen carefully; do not promise confidentiality
- Use open questions if needed, for example, **TED**: Tell, Explain, Describe
- Record facts and not opinions, using the child's own words where possible
- Sign and date your record and report to the DSL: seek support for yourself as required

Inform the Designated Safeguarding Lead(s) anna.arnett@theprep.org.uk

Summary of substantive 2026 updates

- Part One must be read in full by all staff; Annex A is no longer the shorter staff version.
- Family Help and updated multi-agency language.
- Expanded child-on-child abuse, harmful sexual behaviour, misogyny, weapons and serious violence.
- AI-generated imagery, deepfakes, nudification tools, filtering and monitoring, and a mobile-phone policy.
- Enhanced mental health, young carers, medical conditions and children potentially at greater risk.
- Premises, toilets, changing rooms, showers and sport requirements.
- Data (Use and Access) Act 2025 included within data protection laws.
- Removal of the volunteer supervision exemption within regulated activity from 1 September 2026.
- Updated KCSIE annex references: further information is Annex A; DSL role is Annex B; summary of changes is Annex C.

1. Child Focused Approach to Safeguarding

1.1 Introduction

- Sevenoaks Prep recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding and promoting the welfare of children is **everybody's responsibility** and everyone has a role to play. All members of our community (staff, volunteers, governors, leaders, parents/carers, wider family networks, and pupils) have an important role in safeguarding children and all have an essential role to play in making our community safe and secure.
- Sevenoaks Prep believe that the best interests of children always come first. All children (defined in law and in this policy as those up to the age of 18) have a right to be heard and all children regardless of age, sex (gender), ability, culture, race, language, religion, sexual orientation, gender identity or any other protected characteristic, and have equal rights to protection.
- Staff working with children at Sevenoaks Prep will maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child and if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.
- This policy applies where there are any child protection concerns regarding children who attend the school but may also apply to other children connected to the school, for example, siblings, younger members of staff (under 18) or children on student/work placements.
- Sevenoaks Prep recognises the importance of providing an ethos and environment within school that will help children to be safe and to feel safe. In our school children are respected and are encouraged to talk openly. We will ensure children's wishes and feelings are taken into account when determining what safeguarding action to take and what services to provide.
- Sevenoaks Prep recognises the need for a trauma-informed and child-centred approach to safeguarding, understanding that children's behaviour, presentation and engagement may be influenced by adverse experiences, abuse, neglect, exploitation or trauma.
- Our core safeguarding principles are:
 - **Prevention:** positive, supportive, safe culture, curriculum and pastoral opportunities for children, safer recruitment procedures.
 - **Protection:** following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to safeguarding concerns.
 - **Support:** adopt a child centred approach and provide support for all pupils, parents/carers and staff, and where appropriate, implement specific interventions for those who may be at risk of harm.
 - **Collaboration:** with both parents where possible, and other agencies to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.
- The procedures contained in this policy apply to all staff, including governors, temporary or third-party agency staff and volunteers, and are consistent with those outlined within ['Keeping Children Safe in Education'](#) 2026.

1.2 Policy context

- This policy is implemented in accordance with current statutory guidance from the Department for Education 'Keeping Children Safe in Education' (KCSIE), which requires individual schools and colleges to have an effective child protection policy.
- This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related national and local guidance. This includes but is not limited to:

- Keeping Children Safe in Education 2026 (KCSIE)
 - Working Together to Safeguard Children (current version)
 - Early Years and Foundation Stage Framework (EYFS)
 - [Kent and Medway Safeguarding Children Procedures](#)
 - The Education Act 2002
 - Education and Inspections Act 2006
 - The Education (Independent School Standards) Regulations 2014
 - The Human Rights Act 1998
 - The Equality Act 2010 (including the Public Sector Equality Duty)
 - The Children Act 2004
 - The Safeguarding Vulnerable Groups Act 2006
 - Childcare Act 2006 (early years settings)
 - Data Protection Act 2018 and UK GDPR
 - Counter-Terrorism and Security Act 2015 (Prevent Duty)
 - The Domestic Abuse Act 2021
 - Online Safety Act 2023
- Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.
 - Sevenoaks Prep will follow local or national guidance in response to any emergencies. We will amend this policy and our procedures as necessary but regardless of the action required, our safeguarding principles will always remain the same and the welfare of the child is paramount.

1.3 Definition of safeguarding

- In line with '[Working Together to Safeguard Children](#)' 2026 and KCSIE 2026, safeguarding and promoting the welfare of children is defined for the purposes of this policy as:
 - providing early help and support, including contributing to local Family Help arrangements where appropriate, to meet the needs of children and families as soon as concerns emerge.
 - protecting children from maltreatment, whether that is within or outside the home, including online
 - preventing impairment of children's mental and physical health or development
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care
 - promoting the upbringing of children with their birth parents, or otherwise their family network, whenever possible and where this is in the best interests of the child(ren)
 - taking action to enable all children to have the best outcomes.
- Child protection is part of safeguarding and promoting the welfare of all children and is defined as activity that is undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.
- The school acknowledges that safeguarding includes a wide range of specific issues including, but not limited to:
 - Abuse and neglect
 - Bullying, including cyberbullying
 - Child-on-child abuse
 - Children with family members in prison
 - Children who are absent, persistently absent, missing education or otherwise experiencing barriers to school attendance.
 - Child missing from home or care
 - Child Sexual Exploitation (CSE)
 - Child Criminal Exploitation (CCE)
 - Contextual safeguarding (risks outside the family home)

- County lines and gangs
- Domestic abuse
- Drugs and alcohol misuse
- Fabricated or induced illness
- Faith abuse
- Gender-based abuse, misogyny, sexism and violence against women and girls.
- Hate
- Homelessness
- Human trafficking and modern slavery
- Mental health
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos (including youth-produced sexual imagery).
- Online safety
- Preventing radicalisation and extremism
- Private fostering
- Relationship abuse
- Serious violence
- Sexual violence and sexual harassment
- So-called 'honour-based' abuse, including Female Genital Mutilation (FGM) and forced marriage
- 'Upskirting'
- Artificial intelligence (AI), deepfakes, digitally manipulated content and other emerging technologies.
- Online harms associated with generative AI, misinformation, disinformation and synthetic media.
- Harmful Sexual Behaviour (HSB)
- Child-to-parent or caregiver abuse.
- Children who are questioning their gender, where additional safeguarding, welfare, vulnerability or family circumstances may be present.

(Also see the relevant sections of Keeping Children Safe in Education 2026 for additional information regarding specific safeguarding issues.)

1.4 Related safeguarding policies

- This policy is one of a series in the school integrated safeguarding portfolio and should be read and actioned in conjunction with the policies listed below:
 - Anti-bullying
 - Attendance
 - Behaviour, including behaviour management and use of physical intervention
 - Complaints
 - Data protection
 - Emergency procedures, such as evacuations and lockdowns
 - Health and safety
 - First Aid, including Administration of Medication and Nutrition
 - Managing allegations against staff
 - Mobile Device Policy
 - Online safety
 - AI Policy
 - Intimate care
 - Relationship, Sex and Health Education (RSHE)
 - Risk assessments, such as school trips, use of technology
 - Safer recruitment
 - Searching, screening and confiscation
 - Social media

- Staff behaviour policy/code of conduct, including Acceptable Use of Technology Policies (AUP)
- Whistleblowing

Supporting Guidance (to be read and followed alongside this document)

Guidance for Safer Working Practice for Adults who Work with Children and Young People in Education Settings

- [Safer Recruitment Consortium](#)
- [What to do if you are worried a child is being abused](#)
- [Early Years Foundation Stage \(EYFS\) Statutory Framework: The Safeguarding and Welfare Requirements](#)

- These documents can be found on our School's Intranet.

1.5 Policy compliance, monitoring and review

- Sevenoaks Prep will review this policy at least annually (as a minimum) and will update it as needed, so that it is kept up to date with safeguarding issues as they emerge and evolve, including lessons learnt. The policy will also be revised following any national or local updates, significant local or national safeguarding events and/or learning, and/or any changes to our own procedures.
- All staff (including temporary staff and volunteers) will be provided with access to this policy and Part One of KCSIE 2026 and will be required to read and understand these documents. These can be found on the Staff Intranet and copies in the staffroom.
- Parents/carers can obtain a copy of the school Child Protection Policy and other related policies on request. Additionally, our policies can be viewed via the school website.
- The policy forms part of our school development plan and will be reviewed annually by the governing body who has responsibility for oversight of safeguarding and child protection systems.
- The Designated Safeguarding Lead (DSL) and Head will ensure regular reporting on safeguarding activity and systems to the governing body. The governing body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility.

2. Key Responsibilities

2.1 Governance and leadership

- The governing body and leadership team have a strategic responsibility for our safeguarding arrangements and will comply with their duties under legislation. The governing body has regard to the KCSIE guidance and will ensure our policies, procedures and training are effective and comply with the law at all times.
- The governing body will facilitate a whole school approach to safeguarding which involves everyone. They will ensure that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development, so that all systems, processes, and policies operate with the best interests of the child at their heart.
- The governing body is aware of their obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and the local multi-agency safeguarding arrangements set out by the Kent Safeguarding Children Multi-Agency Partnership ([KSCMP](#)).
 - This includes but is not limited to safeguarding all members of the school community (for example, staff, pupils, parents/carers and other family members) identified with protected characteristics

within the Equality Act; age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation.

- For further information about our approaches to equality, diversity, and inclusion, access our schools' website.
- The governing body and leadership team will ensure that there are policies and procedures in place to ensure appropriate action is taken in a timely manner to safeguard and promote children's welfare.
- The Head will ensure that our child protection and safeguarding policies and procedures adopted by the governing body, are understood, and followed by all staff.
- The governing body will ensure an appropriate senior member of staff, from the school leadership team, is appointed to the role of designated safeguarding lead. The governing body and leadership team will ensure that the DSL is supported in their role and is provided with sufficient time so they can provide appropriate support to staff and children regarding any safeguarding and welfare concerns.
- The school has a nominated governor for safeguarding. The nominated governor will support the DSL and have oversight in ensuring that the school has an effective policy which interlinks with other related policies, that locally agreed procedures are in place and being followed, and that the policies are reviewed at least annually and when required.
- The governing body will ensure that appropriate filtering and monitoring systems are in place, regularly reviewed and that leadership staff understand their roles and responsibilities in relation to online safety, filtering and monitoring.
- The governing body and leadership team will promote a strong safeguarding culture in which children are encouraged to speak to trusted adults, concerns are taken seriously, and safeguarding is regarded as everyone's responsibility.

2.2 Designated Safeguarding Lead (DSL)

- The school has appointed Anna Arnett, Head of Pre-Prep, a member of the senior leadership team, to act as our Designated Safeguarding Lead (DSL).
- The DSL has overall responsibility for the day-to-day oversight of safeguarding and child protection systems (including online safety and understanding the filtering and monitoring systems and processes in place) in school.
- The school has also appointed Deputy DSLs who will have delegated responsibilities and act in the DSL's absence:
 - Louisa Rowland (Designated Early Years DDSL)
 - Juliet White (Attendance) – Laura Sullivan for 2026/27 as Maternity Cover
 - Laura Young (Online Safety)
 - Caroline Mansfield (SEND)
 - Rhondda Reeve (Online Safety Officer)
 - Elliott Wilkins (Mental Health and Wellbeing)
- Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.
- The DSL (and any deputies) will be more likely to have a complete safeguarding picture and will be the most appropriate person to advise staff on the response to any safeguarding concerns.
- It is the role of the DSL to carry out the responsibilities set out within Keeping Children Safe in Education and local safeguarding arrangements.
- These responsibilities include, but are not limited to:
 - Acting as the central contact point for all staff to discuss any safeguarding concerns.

- Maintaining a confidential recording system for safeguarding and child protection concerns.
 - Coordinating safeguarding action for individual children.
 - When supporting children with a social worker or looked after children, the DSL should have the details of the child's social worker and the name of the virtual school head in the authority that looks after the child, with the DSL liaising closely with the designated teacher.
 - Liaising with other agencies and professionals in line with KCSIE and WTSC.
 - Ensuring that locally established procedures as put in place by the three safeguarding partners as part of the [Kent Safeguarding Children Multi-Agency Partnership](#) (KSCMP) procedures, including referrals, are followed, as necessary.
 - Representing, or ensure the school is appropriately represented at multi-agency safeguarding meetings (including child protection conferences).
 - Managing and monitoring the school role in any multi-agency plan for a child.
 - Being available during term time (during school hours) for staff in the school to discuss any safeguarding concerns.
 - Ensuring adequate DSL and deputy DSL cover arrangements are in place during school closures, educational visits, out-of-hours activities and holiday periods where safeguarding responsibilities continue.
 - Taking lead responsibility for online safety, including understanding the filtering and monitoring systems and processes in place.
 - Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school leadership staff.
 - Ensuring all staff access appropriate safeguarding training and relevant updates in line with the recommendations within KCSIE.
 - Liaising with the Head to inform them of any safeguarding issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. This includes being aware of the requirement for children to have an Appropriate Adult ([PACE Code C 2019](#)).
 - Supporting staff to identify, record and respond appropriately to concerns relating to child-on-child abuse, harmful sexual behaviour, sexual harassment and sexual violence.
 - Maintaining awareness of safeguarding risks associated with emerging technologies, including artificial intelligence (AI), and ensuring that appropriate measures are in place to identify, respond to and manage these risks.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs will be trained to the same standard as the DSL. The DSL and deputy DSLs will undergo appropriate safeguarding training to provide them with the knowledge and skills required to carry out the role. Their knowledge and skills will be refreshed at regular intervals and at least every two years through formal training and through ongoing updates, briefings and professional development.

2.3 Members of staff

- Our staff play a particularly important role in safeguarding as they are in a position to observe changes in a child's behaviour or appearance, identify concerns early, provide help for children, promote children's welfare and prevent concerns from escalating.
- All members of staff have a responsibility to:
 - provide a safe environment in which children can learn.
 - be alert to any issues of concern in a child's life at home or elsewhere.
 - be aware of the indicators of abuse, neglect and exploitation so that they can identify cases of children who may need help or protection.
 - know what to do if a child tells them that they are being abused, neglected, or exploited and understand the impact this can have upon a child.

- be able to identify and act upon indicators that children are, or at risk of developing mental health issues.
 - be prepared to identify children who may benefit from Family Help and understand the Family Help process and their role in it.
 - understand the school safeguarding policies and systems.
 - undertake and engage in regular and appropriate training which is regularly updated.
 - be aware of the local process of making referrals to children's social care and statutory assessment under the Children Act 1989.
 - know how to maintain an appropriate level of confidentiality.
 - reassure children who report concerns that they are being taken seriously and that they will be supported and kept safe.
 - act in line with our staff code of conduct within the staff handbook
 - act in line with the Teachers' Standards which state that teachers (including headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.
 - understand the indicators of child-on-child abuse, harmful sexual behaviour, sexual harassment, sexual violence and online harms.
 - be aware that safeguarding concerns may include child-to-parent or caregiver abuse, and understand how to report concerns appropriately.
- Staff at Sevenoaks Prep recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as being abusive or harmful. This should not prevent staff from having professional curiosity and speaking to a DSL if they have any concerns about a child.
 - Staff at Sevenoaks Prep will determine how best to build trusted relationships with children and parents/carers which facilitate appropriate professional communication in line with existing and relevant policies, for example, our staff code of conduct and pupil behaviour policies.

2.4 Children

- Children have a right to:
 - Feel safe, be listened to, and have their wishes and feelings taken into account.
 - Confidently report abuse, neglect or exploitation, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.
 - Contribute to the development of school safeguarding policies.
 - Receive help from a trusted adult.
 - Learn how to keep themselves safe, including online, when using social media, mobile technology, gaming platforms and emerging technologies such as AI.

2.5 Parents and carers

- Parents/carers have a responsibility to:
 - Understand and adhere to the relevant school policies and procedures.
 - Talk to their children about safeguarding issues and support the school in their safeguarding approaches.
 - Identify behaviours which could indicate that their child is at risk of harm, including online.
 - Seek help and support from the school or other agencies.
 -

3. Child Protection Procedures

3.1 Recognising indicators of abuse, neglect and exploitation

- Staff will maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child.

- All staff are made aware of the definitions and indicators of abuse, neglect and exploitation as identified by 'Working Together to Safeguard Children' and 'Keeping Children Safe in Education'. This is outlined locally within the [Kent Support Levels Guidance](#).
- Sevenoaks Prep recognises that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse (for more in-depth information, see appendix 1):
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect
- By understanding the indicators of abuse, neglect and exploitation, we can respond to problems as early as possible and provide the right support and services for the child and their family.
- All members of staff are expected to be aware of and follow the '[What to do if you are worried a child is being abused](#)' guidance if they are concerned about a child:

['What to do if you are worried a child is being abused'](#)

- Sevenoaks Prep recognises that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse, neglect and exploitation can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child. It is important to recognise that indicators of abuse, neglect and exploitation do not automatically mean a child is being harmed, however all concerns should be taken seriously and will be explored by the DSL on a case-by-case basis.
- Sevenoaks Prep recognises abuse, neglect, exploitation and other safeguarding issues are rarely standalone events and cannot always be covered by one definition or one label alone. In many cases, multiple issues will overlap with one another, therefore staff will always be vigilant and always raise concerns with a DSL.
- Parental behaviors can indicate child abuse, neglect or exploitation; staff will be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Children may report abuse, neglect or exploitation happening to themselves, their peers, or their family members. All reports made by children to staff will be taken seriously and will be responded to in line with this policy.

- Safeguarding incidents and/or behaviours can be associated with factors and risks outside the school. Children can be at risk of abuse, neglect or exploitation in situations outside their families; extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, harmful sexual behaviour, sexual abuse, serious violence, county lines, online exploitation and other forms of extra-familial harm.
- Sevenoaks Prep recognises that technology, including emerging technologies and artificial intelligence (AI), can be a significant factor in safeguarding and wellbeing concerns. Children may be exposed to abuse, exploitation, misinformation, manipulation, harmful content, digitally altered imagery or AI-generated content online.
- Staff should be aware that safeguarding concerns may also involve child-to-parent or caregiver abuse, which can include emotional abuse, coercive behaviour, threats, intimidation, financial abuse, damage to property or physical violence directed towards parents, carers or family members.
- Sevenoaks Prep recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- Following a concern about a child's safety or welfare, the searching and screening of children and confiscation of any items, including any electronic devices, will be managed in line with the school behaviour policy.
 - The DSL (or deputy) will be informed of any searching incidents where there were reasonable grounds to suspect a pupil was in possession of a prohibited item as listed in our behaviour policy. The DSL (or deputy) will then consider the circumstances of the pupil who has been searched to assess the incident against any potential wider safeguarding concerns.
 - Staff will involve the DSL (or a deputy DSL) without delay if they believe that a search has revealed a safeguarding risk.

3.2 Responding to child protection concerns

- If staff are concerned about the safety or welfare of a child, they are expected to:
 - listen carefully to the child, reflecting back the concern
 - use the child's language
 - be non-judgmental
 - avoid leading questions and only use open questions where clarification is necessary. For example, who, what, where, when or **Tell, Explain, Describe (TED)**
 - not promise confidentiality as concerns will have to be shared further, for example, with the DSL and potentially Integrated Children's Services
 - be clear about boundaries and how the report will be progressed
 - record the concern using the facts as the child presents them, in line with school record keeping requirements (recorded on CPOMS)
 - inform the DSL (or a deputy DSL), as soon as practically possible
- All staff are made aware that early information sharing is vital for the effective identification, assessment, and allocation of appropriate service provision, whether this is when problems first emerge, or where a child is already known to other agencies. Staff will not assume a colleague, or another professional, will act and share information that might be critical in keeping children safe.
- Sevenoaks Prep will respond to safeguarding concerns in line with the Kent Safeguarding Children Multi-Agency Partnership procedures (KSCMP).
 - The full KSCMP procedures and additional guidance relating to reporting concerns and specific safeguarding issues can be found on their website: www.kscmp.org.uk
- In Kent, Family Help and Preventative Services and Children's Social Work Services are part of [Integrated Children's Services \(ICS\)](#) and are accessed via the 'Front Door Service'/[Kent Children's Services Portal](#).

- 'Family Help' is defined in 'Working together to safeguard children' as support for children of all ages that improves a family's resilience and outcomes or reduces the chance of a problem getting worse. It is not an individual service, but a system of support delivered by local authorities and their partners, including education providers, working together and taking collective responsibility to provide the right provision in their area.
 - If Family Help support is appropriate, the DSL (or a deputy DSL) will lead on exploring internal resources available and liaising with other universal or additional services available via local agencies.
 - Where Intensive Support Family Help (provided by ICS, outlined in the [KSCMP support levels guidance](#)) is considered to be appropriate, the DSL (or deputy) will make a 'request for support' via the [Kent Children's Services Portal](#).
 - Staff, including the DSL, may be required to work with other agencies and professionals in a Family Help assessment.
 - The DSL will keep all Family Help cases under constant review and consideration will be given to escalating concerns and/or seeking advice from the Front Door Service if the situation does not appear to be improving or is getting worse.
- Where a child is suffering, or is likely to suffer from harm, or is in immediate danger (for example, under section 17 or 47 of the Children Act), intensive or specialist support is required and a 'request for support' will be made immediately to Kent [Integrated Children's Services](#) (via the [portal](#)) and/or the police, in line with the [Kent Support Level Guidance and KSCMP procedures](#).
 - Sevenoaks Prep recognise that in situations where there are immediate child protection concerns for a child as identified in line with Support Level Guidance, the school will not seek to investigate concerns as a single agency and will act in accordance with KSCMP procedures.
 - If they believe a child may be in need of support but are unclear whether a Request for Support should be submitted, the DSL may seek [advice or guidance](#) from a social worker via the Front Door Service before deciding next steps.
- The DSL, or a deputy DSL (in the absence of the DSL) will have overall responsibility for making referrals. However, all staff are made aware of the local process for making referrals to Integrated Children's Services and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments.
- If staff have any concerns about a child's welfare, they are expected to act on them immediately. If staff are unsure if something is a safeguarding issue, they will speak to the DSL (or deputy). If in exceptional circumstances, a DSL is not available, this should not delay appropriate action being taken by staff.
 - Staff will speak to a member of the school senior leadership team, request a consultation with a social worker from the Front Door Service, or make a request for support to the Front Door Service themselves; for contact information, see flowchart on Page 6.
 - In these circumstances, any action taken by staff will be shared with a DSL as soon as is possible.
- In the event of a request for support to the Front Door Service being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP and ICS. Parents/carers will always be informed in the case of a request for support being submitted by the school, unless there is a valid reason not to do so, for example, if informing them may put a child at risk of harm or could undermine a criminal investigation.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, or concerns regarding receiving a decision or the decisions made, staff or the DSL will re-refer (if appropriate) and/or DSLs will follow the [Kent Escalation and Professional Challenge Policy](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

- DSLs and staff will be mindful of the need for the school to ensure any activity or support implemented to support children and/or families is recorded. Support provided by the school where families are struggling will be overseen and reviewed by the DSL on a regular basis to ensure activity does not obscure potential safeguarding concerns from the wider professional network.

3.3 Child Protection Records

- All safeguarding concerns, discussions, decisions, and reasons for those decisions, will be recorded in writing on CPOMS, the school's electronic safeguarding system, and passed without delay to the DSL.
- Records will be completed as soon as possible after the incident/event, using the child's words and will be stored on CPOMS. Child protection records will record facts and not personal opinions. A body map will be completed if visible injuries to a child have been observed.
- If there is an immediate safeguarding concern the member of staff will consult with a DSL before completing the form as reporting urgent concerns takes priority.
- If members of staff are in any doubt about recording requirements, they will discuss their concerns with the DSL.
- Our child protection records will include a clear and comprehensive summary of any concerns, details of concerns which were followed up and resolved, a note of any action taken or not taken, how any decisions were reached and any outcomes.
- Child protection records are kept confidential and stored securely. Child protection records will be kept for individual children and will be maintained separately from all other records relating to the child in the school. Child protection records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL.

3.4 Transferring Child Protection Files

- All child protection records will be transferred in accordance with data protection legislation to the child's subsequent school, under confidential and separate cover as soon as possible; within 5 days for an in-year transfer or within the first 5 days of the start of a new term. Child protection files will be transferred securely to the new DSL, separately to the child's main file, and a confirmation of receipt will be obtained.
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving, for example, information that would allow the new school or college to continue to provide support.
- Where the school receives child protection files from another setting, the DSL will ensure key staff such as the Special Educational Needs Co-Ordinators (SENCOs) will be made aware of relevant information as required.
- Where a pupil joins the school and no child protection files are received, the DSL will proactively seek to confirm from the previous setting whether any child protection records exist for the pupil, and if so, if the files have been sent.

3.5 Multi-agency working

- Sevenoaks Prep recognises the pivotal role we have to play in multi-agency safeguarding arrangements and is committed to its responsibility to work within the [KSCMP](#) multi-agency safeguarding arrangements as identified within 'Working Together to Safeguard Children'.
- The school leadership team, governing body and DSL(as well as DDSLs) will work to establish strong and co-operative local relationships with professionals in other agencies, including the safeguarding partners in line with local and national guidance. Some examples of multi-agency relationships may include, social workers, Family Help workers, health professionals (such as paediatricians, health visitors, mental health services and speech and language therapists), specialist teachers, education psychologists, other schools/settings where children attend more than one setting/provision and police.
- Sevenoaks Prep recognises the importance of multi-agency working and is committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to [KSCMP](#) processes as required, such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection

Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other Family Help multi-agency meetings.

- The school will allow access for Kent Children's Social Work Service and, where appropriate, from a placing local authority, to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.
- The Head and DSL are aware of the requirement for children to have an Appropriate Adult ([PACE Code C 2019](#)) where there is a need for detention, treatment and questioning by police officers and will respond to concerns in line with our behaviour policy.

3.6 Confidentiality and information sharing

- Sevenoaks Prep recognises our duty and powers to hold, use and share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE and WTSC.
- Sevenoaks Prep has an appropriately trained Data Protection Officer (DPO) as required by the UK General Data Protection Regulations (UK GDPR) to ensure that our setting is compliant with all matters relating to confidentiality and information sharing requirements. The Data Protection Officer is our School Bursar, bursar@theprep.org.uk.
- All staff are made aware of the need to protect the privacy of the children in their care, as well the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures both confidentiality and safeguarding.
 - Sevenoaks Prep will ensure staff are aware of our confidentiality policy and will ensure there is an area where staff may talk to parents and/or carers confidentially.
 - All staff are aware they cannot promise a child that they will not tell anyone about a report of any form of abuse, as this may not be in the best interests of the child.
 - Staff are made aware of their professional responsibility to be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children; this may include sharing information with the DSL and with other agencies as appropriate.
- Staff will have due regard to the relevant data protection principles, which allow them to share and withhold personal information.
 - The Data Protection Act 2018, and the UK General Data Protection Regulation (UK GDPR) places duties on schools and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure. The Data Protection Act 2018, UK GDPR and the Data (Use and Access) Act 2025 do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.
 - All staff will be provided with training and information to ensure they understand the relevant data protection principles which allow them to share and/or withhold personal information. Data Protection training will be given at INSET to inform and support staff.
 - KCSIE, the [Information Commissioner's Office](#) (ICO), DfE [Data Protection in schools guidance](#) and DfE [Information sharing advice for safeguarding practitioners](#) guidance provides further details regarding information sharing principles and expectations. This can be found within the School's Intranet.
- The Head and DSL will disclose relevant safeguarding information about a pupil with staff on a 'need to know' basis.

3.7 Complaints

- All members of the school community should feel able to raise or report any concerns about children's safety or potential failures in the school safeguarding regime. The school has a complaints procedure available to parents, pupils and members of staff and visitors who wish to report concerns or complaints. This can be found on the school website.
- Whilst we encourage members of our community to report concerns and complaints directly to us, we recognise this may not always be possible. Children and adults who have experienced abuse in education can contact the NSPCC 'Report Abuse in Education' helpline on 0800 136 663 or via email: help@nspcc.org.uk
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- The leadership team at Sevenoaks Prep will take all concerns and whistleblowing reports seriously, and all complaints will be considered and responded to in line with the relevant and appropriate process.
 - Anything that constitutes an allegation against a member of staff or volunteer will be dealt with in line with section 8 of this policy.

4. Specific Safeguarding Issues

- Sevenoaks Prep is aware of the range of specific safeguarding issues and situations that can put children at greater risk of harm. In addition to Part one, DSLs, school leaders and staff who work directly with children will read Annex B of [KCSIE](#) which contains important additional information about the following specific forms of abuse and safeguarding issues.
- Where staff are unsure how to respond to specific safeguarding issues, they should follow the processes as identified in part 3 of this policy and speak with the DSL or a deputy.

4.1 Child-on-child abuse

- All members of staff at Sevenoaks Prep recognise that children can abuse other children; this is known as child-on-child abuse and can happen both inside and outside of school and online.
- Sevenoaks Prep recognises that child-on-child abuse can take many forms, including but not limited to:
 - Bullying, including cyberbullying, prejudice-based and discriminatory bullying
 - Abuse in intimate personal relationships between children
 - Physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
 - Sexual violence and sexual harassment
 - Consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
 - Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
 - Upskirting (which is a criminal offence), which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - Initiation/hazing type violence and rituals
 - Harmful sexual behaviour (HSB), including developmentally inappropriate, problematic, abusive or violent sexual behaviour.

- Misogynistic, sexist or discriminatory attitudes, language and behaviours.
- Any allegations of child-on-child abuse will be recorded, investigated, and dealt with in line with this child protection policy and [KCSIE](#) (in particular, part two and five).
- Sevenoaks Prep adopts a zero-tolerance approach to child-on-child abuse. We believe that abuse is abuse and it will never be tolerated or dismissed as “just banter”, “just having a laugh”, “part of growing up” or “boys being boys”; this can lead to a culture of unacceptable behaviours and can create an unsafe environment for children and a culture that normalises abuse, which can prevent children from coming forward to report it.
- All staff have a role to play in challenging inappropriate behaviours between children. Staff recognise that some child-on-child abuse issues may be affected by gender, age, ability and culture of those involved. For example, for gender-based abuse, girls are more likely to be victims and boys more likely to be perpetrators.
- Sevenoaks Prep recognises that even if there are no reported cases of child-on-child abuse, such abuse is still likely to be taking place, and it may be the case that it is just not being reported. As such, it is important that staff speak to the DSL (or deputy) about any concerns regarding child-on-child abuse.
- To minimise the risk of child-on-child abuse, Sevenoaks Prep will:
 - Promote a positive school culture**
 - Embed our *Way of Life* values, encouraging empathy, respect, and responsibility in all relationships.
 - Celebrate kindness and respectful behaviour through assemblies, rewards, and classroom practice.
 - Provide regular age-appropriate education**
 - Deliver PSHE, RSE and online safety lessons that explicitly cover respect, consent, healthy friendships, and boundaries.
 - Use circle times and form discussions to raise awareness of bullying, prejudice, and discrimination.
 - Ensure vigilant supervision and safe spaces**
 - Staff supervise playgrounds, toilets, corridors, and changing areas carefully.
 - Provide quiet zones and structured play opportunities at break times to reduce conflict.
 - Train staff to recognise and respond**
 - All staff, including support and admin, complete safeguarding and child-on-child abuse training annually.
 - We ensure that staff know how to identify early signs of coercion, exclusion, bullying, or harmful sexual behaviour.
 - Encourage pupil voice and peer support**
 - Maintain clear reporting routes for pupils, including trusted adults and worry boxes.
 - Empower older pupils (e.g. Year 6 buddies) to model and promote respectful behaviour with younger children.
 - The School will consider the safeguarding and welfare needs of both victims and alleged perpetrators and seek to identify any unmet needs, vulnerabilities or wider safeguarding concerns.
 - Implement clear policies and consistent response**
 - Apply the Behaviour Policy fairly and consistently, ensuring that all incidents are recorded and followed up.
 - Communicate openly with parents and carers where concerns arise.
 - Monitor patterns of behaviour through CPOMS/child protection records to spot emerging risks.
- Sevenoaks Prep want children to feel able to confidently report abuse and know their concerns will be treated seriously. All allegations of child-on-child abuse will be reported to the DSL and will be recorded,

investigated, and dealt with in line with associated school policies, including child protection, anti-bullying, and behaviour. Pupils who experience abuse will be offered appropriate support, regardless of where the abuse takes place.

- Concerns about pupils' behaviour, including child-on-child abuse taking place offsite will be responded to as part of a partnership approach with pupils and parents/carers. Offsite behaviour concerns will be recorded and responded to in line with existing appropriate policies, for example anti-bullying, acceptable use, behaviour and child protection policies.
- Alleged victims, alleged perpetrators and any other child affected by child-on-child abuse will be supported by:

Pastoral support and trusted adults

- Providing immediate access to a trusted adult (form teacher, Head of Pre-Prep, pastoral lead, or DSL).
- Offering regular check-ins and a safe space for children to share worries.

Clear communication and reassurance

- Reassuring all children that their concerns are taken seriously and will be addressed sensitively and fairly.
- Ensuring that no child feels blamed for coming forward.

Tailored wellbeing support

- Making referrals to our school counsellor, external counselling services, or Family Help where appropriate.
- Supporting regulation and reflection through restorative approaches, social skills groups, or ELSA support.

Appropriate educational provision

- Where necessary, adjusting timetables, playtime arrangements, or seating plans to ensure children feel safe.
- Providing supervised or alternative play areas for reflection and regulation.

Working with parents and carers

- Keeping parents/carers informed and involved in support plans for both alleged victims and alleged perpetrators.
- Offering guidance to families on how they can support their child at home.

Fair and proportionate response for alleged perpetrators

- Ensuring they receive pastoral care and guidance as well as appropriate sanctions.
- Helping them reflect on behaviour choices, empathy, and respectful relationships through the Behaviour Curriculum.

Monitoring and follow-up

- Reviewing the wellbeing of all children affected on a regular basis.
- Maintaining clear safeguarding records to track ongoing support and identify patterns.

4.2 Sexual violence and sexual harassment

- When responding to concerns relating to child-on-child sexual violence or harassment, Sevenoaks Prep will follow the guidance outlined in Part five of [KCSIE](#).
- The School recognises that sexism, misogyny and gender-based harassment may be indicators of wider safeguarding concerns and will be challenged appropriately.
- Sevenoaks Prep recognises that sexual violence and sexual abuse can happen anywhere, and all staff will maintain an attitude of 'it could happen here.' Sevenoaks Prep recognises sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face to face (both physically and verbally). Sexual violence and sexual harassment is never acceptable.
- **All** victims of sexual violence or sexual harassment will be reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe. A

victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment or ever be made to feel ashamed for making a report.

- Abuse that occurs online or outside of the school will not be dismissed or downplayed and will be treated equally seriously and in line with relevant policies/procedures, for example anti-bullying, behaviour, child protection, online safety.
- Sevenoaks Prep recognises that the law is in place to protect children rather than criminalise them, and this will be explained in such a way to pupils/students that avoids alarming or distressing them.
- Sevenoaks Prep recognises that an initial disclosure to a trusted adult may only be the first incident reported, rather than representative of a singular incident and that trauma can impact memory, so children may not be able to recall all details or timeline of abuse. All staff will be aware certain children may face additional barriers to telling someone, for example because of their vulnerability, disability, sex, ethnicity, and/or sexual orientation.
- The DSL (or a deputy DSL) is likely to have a complete safeguarding picture and will be the most appropriate person to advise on the initial response.
 - The DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator, and any other children involved/impacted, in line with part five of [KCSIE](#) and relevant local/national guidance and support, for example [KSCMP](#) procedures.
 - The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children and staff and any actions that are required to protect them.
 - Any concerns involving an online element will take place in accordance with relevant local/national guidance and advice.
- Reports will initially be managed internally by the school and where necessary will be referred to [Integrated Children's Services](#) (Family Help and/or Children's Social Work Service) via the Children's Portal and/or the police. Important considerations which may influence this decision include:
 - the wishes of the victim in terms of how they want to proceed.
 - the nature of the alleged incident(s), including whether a crime may have been committed and/or whether Harmful Sexual Behavior (HSB) has been displayed.
 - the ages of the children involved.
 - the developmental stages of the children involved.
 - any power imbalance between the children.
 - if the alleged incident is a one-off or a sustained pattern of abuse - sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of a sexual nature.
 - that sexual violence and sexual harassment can take place within intimate personal relationships between children.
 - understanding intra familial harms and any necessary support for siblings following incidents.
 - whether there are any ongoing risks to the victim, other children, adult students, or school staff.
 - any other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.
- The school will in most instances engage with both the victim's and alleged perpetrator's parents/carers when there has been a report of sexual violence; this might not be necessary or proportionate in the case of sexual harassment and will depend on a case-by-case basis. The exception to this is if there is a reason to believe informing a parent/carer will put a child at additional risk. Any information shared with parents/carers will be in line with information sharing expectations, our confidentiality policy, and any data protection requirements, and where they are involved, will be subject to discussion with other agencies (for example Children's Social Work Service and/or the police) to ensure a consistent approach is taken.
- If at any stage the DSL is unsure if a request for support is appropriate, advice may be sought from the Front Door Service.

4.3 Nude and/or semi-nude image sharing by children

- Sevenoaks Prep recognises that consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as youth-produced sexual images”) can be a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- When made aware of concerns involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos by children, staff are advised:
 - to report any concerns to the DSL immediately.
 - never to view, copy, print, share, forward, store or save the imagery, or ask a child to share or download it – this may be illegal. If staff have already inadvertently viewed imagery, this will be immediately reported to the DSL.
 - not to delete the imagery or ask the child to delete it.
 - to avoid saying or doing anything to blame or shame any children involved.
 - to reassure the child(ren) involved and explain that the DSL will be informed so they can receive appropriate support and help. Do not promise confidentiality, as other agencies may need to be informed and be involved.
 - not to investigate or ask the child(ren) involved to disclose information regarding the imagery
 - not to share information about the incident with other members of staff, children, or parents/carers, including the families and child(ren) involved in the incident; this is the responsibility of the DSL.
 - This includes concerns involving digitally manipulated, AI-generated or synthetic nude and semi-nude images.
- DSLs will respond to concerns in line with the non-statutory UKCIS guidance: [‘Sharing nudes and semi-nudes: advice for education settings working with children and young people’](#) and the local [KSCMP](#) guidance. When made aware of a concern involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos:
 - The DSL will hold an initial review meeting to explore the context and ensure appropriate and proportionate safeguarding action is taken in the best interests of any child involved. This may mean speaking with relevant staff and the children involved as appropriate.
 - Parents/carers will be informed at an early stage and be involved in the process to best support children, unless there is good reason to believe that involving them would put a child at risk of harm.
 - All decisions and action taken will be recorded in line with our child protection procedures.
 - A referral will be made to ICS via the Children’s Portal and/or the police immediately if:
 - the incident involves an adult (over 18).
 - there is reason to believe that a child has been coerced, blackmailed, or groomed, or there are concerns about their capacity to consent, for example, the age of the child or they have special educational needs.
 - the image/videos involve sexual acts and a child under the age of thirteen, depict sexual acts which are unusual for the child’s developmental stage, or are violent.
 - a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.
 - The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.
 - If DSLs are unsure if a request for support is appropriate, advice may be sought from the Front Door Service.

4.4 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

- Sevenoaks Prep recognises that both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

- Sevenoaks Prep recognises that children can become trapped in CCE as perpetrators can threaten victims and their families with violence or entrap and coerce them into debt. Children involved in criminal exploitation often commit crimes themselves, which can mean their vulnerability as victims is not always recognised (particularly older children) and they are not treated as victims, despite the harm they have experienced. The experience of girls who are criminally exploited can also be very different to that of boys. We also recognise that boys and girls being criminally exploited may be at higher risk of child sexual exploitation (CSE).
- Sevenoaks Prep recognises that CSE can occur over time or be a one-off occurrence and may happen without the child's immediate knowledge, for example through others sharing videos or images of them on social media. CSE can affect any child who has been coerced into engaging in sexual activities and includes 16- and 17-year-olds who can legally consent to have sex. Some children may not realise they are being exploited, for example they may believe they are in a genuine romantic relationship.
- If staff are concerned that a child may be at risk of CSE or CCE, immediate action should be taken by speaking to the DSL or a deputy.
- Child Criminal Exploitation and Child Sexual Exploitation may constitute forms of modern slavery and victims may require referral through National Referral Mechanism processes where appropriate.

4.5 Serious violence

- All staff are aware of the indicators which may signal children are at risk from or are involved with serious violent crime. These may include unexplained gifts or new possessions, increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of CCE.
- Sevenoaks Prep recognises that the likelihood of involvement in serious violence may be increased by factors such as being male, having been frequently absent or permanently excluded, having experienced child maltreatment and having been involved in offending, such as theft or robbery. Additionally, violence can peak in the hours just before or just after School, when pupils are travelling to and from school and these may be particularly risky times for children involved in serious violence.
- Any concerns regarding serious violence will be reported and responded to in line with other child protection concerns by speaking with a DSL or deputy. The initial response to child victims is important and staff will take any allegations seriously and work in ways that support children and keep them safe.

4.6 Modern Slavery and the National Referral Mechanism (NRM)

- Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Statutory Guidance: [Modern slavery: how to identify and support victims](#).
- If there are concerns that any member of the community is a victim or involved with modern slavery, concerns should be shared with a DSL or deputy and will be responded to in line with this policy.
- Where concerns indicate that a child may be a potential victim of modern slavery, trafficking, criminal exploitation or sexual exploitation, the DSL will consider whether a National Referral Mechanism (NRM) referral is required.

4.7 So-called Honour Based Abuse (HBA)

- So-called 'honour'-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving 'honour' often involves a wider network of family or community pressure and can include multiple perpetrators.
- All forms of HBA are abuse, regardless of the motivation, and concerns will be responded to in line with section 3 of this policy. Staff will report any concerns about HBA to the DSL (or a deputy). If there is an immediate threat, the police will be contacted.
- All staff will speak to the DSL (or deputy) if they have any concerns about forced marriage. Staff can also contact the Forced Marriage Unit if they need advice or information: 020 7008 0151 or fmua@fcdo.gov.uk
- Whilst all staff will speak to the DSL (or deputy) if they have any concerns about risk or suspected cases of FGM, there is a specific legal duty on teachers.
 - Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers in England and Wales, to **personally report** to the police where they discover that FGM appears to have been carried out.
 - It will be rare for teachers to see visual evidence, and they should not be examining pupils, however teachers who do not personally report such concerns may face disciplinary sanctions. Further information on when and how to make a report can be found at: [Mandatory reporting of female genital mutilation procedural information](#) and [FGM Mandatory reporting Duty Fact Sheet](#).
 - Unless the teacher has good reason not to, they are expected to also discuss any FGM concerns with the DSL (or a deputy), and Kent Integrated Children's Services should be informed as appropriate.

4.8 Preventing radicalisation

- Sevenoaks Prep recognises that children may be susceptible to radicalisation into terrorism.
- Sevenoaks Prep is aware of our duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), to have "due regard to the need to prevent people from being drawn into terrorism", also known as the Prevent duty and the [specific obligations](#) placed upon us as an education provider regarding risk assessments, working in partnership, staff training, and IT policies.
- It is possible to protect people from extremist ideology and intervene to prevent those at risk of radicalisation being drawn to terrorism. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection
- All staff have received appropriate training to enable them to be alert to changes in children's behaviour which could [indicate that they may need help or protection from radicalisation](#). Prevent training is annual and completed online by staff.
- Staff will be supported to use their judgement in identifying children who might be at risk of radicalisation and will act proportionately; staff will report concerns to the DSL (or a deputy), who, where appropriate, will follow the [local procedures](#) in regard to making a Prevent referral.
- If there is an immediate threat to safety, the police will be contacted via 999.

- Where a child is receiving support regarding concerns relating to preventing radicalisation, for example, through the 'Channel' programme, the DSL will consider if it would be appropriate to share any information if/when a child leaves to attend any new schools/colleges, so support can be put in place in place for when the child arrives.

4.9 Cybercrime

- Sevenoaks Prep recognises that children with particular skills and interests in computing and technology may inadvertently or deliberately stray into 'cyber-enabled' (crimes that can happen offline but are enabled at scale and at speed online) or 'cyber dependent' (crimes that can be committed only by using a computer/internet enabled device) cybercrime.
- If staff are concerned that a child may be at risk of becoming involved in cyber-dependent cybercrime, the DSL or a deputy will be informed, and consideration will be given to accessing local support and/or referring into the [Cyber Choices](#) programme, which aims to intervene when children are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.
- Where there are concerns about 'cyber-enabled' crime such as fraud, purchasing of illegal drugs online, child sexual abuse and exploitation, or other areas of concern such as online bullying or general online safety, they will be responded to in line with the child protection policy and other appropriate policies.

Kent DSLs may also seek advice from Kent Police and/or the Front Door Service.

4.10 Domestic abuse

- Sevenoaks Prep recognises that:
 - domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents.
 - domestic abuse can include, but is not limited to, psychological (including coercive control), physical, sexual, economic, or emotional abuse.
 - children can be victims of domestic abuse if they see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse).
 - anyone can be a victim of domestic abuse, regardless of sexual identity, age, ethnicity, socio-economic status, sexuality or background, and domestic abuse can take place inside or outside of the home.
 - domestic abuse can take place within different types of relationships, including ex-partners and family members.
 - there is always a potential for domestic abuse to take place when parents/families separate, or for existing domestic abuse to persist or escalate post separation.
 - domestic abuse can have a detrimental and long-term impact on children's health, well-being, development, and ability to learn.
 - domestic abuse concerns will not be looked at in isolation and our response will be considered as part of a holistic approach which takes into account children's lived experiences.
 - it is important not to use victim blaming language and to adopt a trauma informed approach when responding to concerns relating to domestic abuse.
- If staff are concerned that a child may be at risk of seeing, hearing, or experiencing the effects of any form of domestic abuse, or in their own intimate relationships, immediate action should be taken by speaking to the DSL or a deputy.
- Sevenoaks Prep is an Operation Encompass School. This means we work in partnership with Kent Police to provide support to children experiencing the effects of domestic abuse. An Operation Encompass notification is sent to the school when the police are called to an incident of domestic abuse and there are

children in the household; the police are expected to inform schools before the child(ren) arrive the following day.

- Operation Encompass notifications help ensure that we have up to date and relevant information about children's circumstances and enable us to put immediate support in place according to the child's needs.
- Operation Encompass does not replace statutory safeguarding procedures and where appropriate, a referral to the Front Door Service will be made if there are any concerns about a child's welfare.
- Where the school is unsure of how to respond to a notification, advice may be sought from the Front Door Service, or the Operation Encompass helpline which is available 8AM to 1PM, Monday to Friday on 0204 513 9990.

4.11 Mental health

- All staff recognise that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect, exploitation, online harm, child-on-child abuse or harmful sexual behaviour.
- Staff are aware that children's experiences, for example where children have suffered abuse and neglect, or other potentially traumatic Adverse Childhood Experiences (ACEs), can impact on their mental health, behaviour, and education.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

4.12 Child-to-parent/carers abuse

- The School recognises that abuse may be perpetrated by children towards parents, carers or other family members. This may include physical violence, emotional abuse, coercive behaviour, damage to property, financial abuse, threats or intimidation.
- Concerns regarding child-to-parent/carers abuse will be treated as safeguarding concerns and responded to in line with this policy.

5. Supporting Children Potentially at Greater Risk of Harm

- Whilst **all** children should be protected, Sevenoaks Prep acknowledge that some groups of children are potentially at greater risk of harm. This can include the following groups:
 - Children who have or have previously had a social worker, including those who are subject to child protection plans, child in need plans, or who are looked after by the local authority.
 - **Children who require mental health support**, or who are known to be struggling with social, emotional or behavioural needs.
 - **Children with special educational needs and disabilities (SEND)**, who may be more vulnerable to peer isolation, bullying, or difficulties recognising unsafe situations.
 - **Children who are young carers**, balancing school alongside caring responsibilities at home.
 - **Children who are living in challenging circumstances**, such as families experiencing domestic abuse, substance misuse, or financial hardship.
 - **Children who are new to the school, or who have recently moved to the UK**, who may not yet have established trusted friendships or be confident in communicating concerns.
 - **Children who identify as LGBTQ+ or who are perceived as different**, who may be at greater risk of bullying or prejudice-based abuse.

- **Children absent from education for prolonged periods**, including those with poor attendance, who may be more vulnerable to safeguarding risks.
- **Children who are pregnant** or are young parents.
- **Children displaying early signs of abuse, neglect, exploitation, harmful sexual behaviour, violence** or other concerning behaviour towards others.

5.1 Safeguarding children with Special Educational Needs or Disabilities (SEND)

- Sevenoaks Prep acknowledges that children with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges and barriers for recognising abuse, neglect or exploitation.
- Sevenoaks Prep recognises that children with SEND may face additional communication barriers and experience difficulties in managing or reporting abuse or challenges. Children with SEND will be supported to communicate and ensure that their voice is heard and acted upon.
- All members of staff are encouraged to appropriately explore potential indicators of abuse, neglect and exploitation, including harmful sexual behaviour, sexual harassment and child-on-child abuse; such as behaviour, mood changes or injuries and not to assume that they are related to the child's special educational needs or disability.
- Members of staff are encouraged to be aware that children with SEND, or certain medical conditions, can be disproportionately impacted by safeguarding concerns or behaviour, such as exploitation, peer group isolation or bullying including prejudice-based bullying, without outwardly showing any signs.
- To address these additional challenges, our school will always consider implementing extra pastoral support and attention for children with SEND. The DSL will work closely with the SENCO (Prep – Caroline Mansfield, Pre-Prep – Keely Mott) to plan support as required.
- Our school has a robust intimate care policy which ensures that the health, safety, independence, and welfare of children is promoted, and their dignity and privacy are respected. Arrangements for intimate and personal care are open and transparent and accompanied by robust recording systems. Further information can be found in our policies on the school website.

5.2 Children requiring mental health support

Sevenoaks Prep has an important role to play in supporting the mental health and wellbeing of our pupils. Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Where there are concerns regarding possible mental health problems for pupils, staff should:

1. Complete a Strengths and Difficulties (SDQ) analysis - available from our Mental Health Coordinators
2. Once the SDQ is completed, a member of the mental health team will be in touch to discuss the next steps
3. Alert the key stage leader
4. The mental health and wellbeing team will alert the DSL

Once the SDQ or similar has been carried out, the wellbeing team will determine the best support system to put in place for the child. Staff, parents and the child will be informed of the next steps and support given as a priority.

The School has a number of staff trained Mental Health First Aiders who can support children and staff in the first instance. In addition to this the School has Mental Health and Well-Being Co-ordinators, some of whom will also be DDSLs to align thinking and allow for multi-disciplinary discussions. The mental health and well-being co-ordinators manage support of the pupils, in conjunction with the

School's safeguarding team as well as keeping members of SLT informed where necessary and appropriate. The school maintains a team of trained Mental Health First Aiders, Drawing and Talking practitioners, ELSA practitioners and access to counselling support., 1 ELSA practitioner and a freelance private counsellor who runs onsite sessions. Parents and children have clear signposting to access these services within school and are often contacted directly by the school with support if the school has identified a mental health need in the child/family.

More information can be found in the *DfE 'Mental Health and Behaviour in Schools'* guidance.

- Age/ability appropriate education will be provided to our pupils to help promote positive health, wellbeing, and resilience.

At Sevenoaks Prep, this is delivered through a carefully sequenced programme of PSHE and RSHE lessons, assemblies, circle times, and pastoral activities. Our curriculum is designed to be age and stage appropriate, with content adapted to meet the needs of different cohorts across the school.

- In the Pre-Prep, children learn about feelings, friendships, kindness, and simple strategies for managing worries, often through story, play, and circle time discussions.
- In the Prep School, pupils build on this foundation through structured PSHE and RSHE lessons, which include teaching about respect, healthy relationships, consent, staying safe online, mental health, and resilience.
- Across all year groups, we use assemblies, visiting speakers, and themed weeks (such as Anti-Bullying Week, Odd Socks Day, and Safer Internet Day) to reinforce these messages.
- Staff also take a proactive approach in everyday teaching, modelling positive behaviour and encouraging children to talk openly about their feelings.
- Our Wellbeing Curriculum and pastoral framework ensure that children develop practical strategies for self-care, empathy, and managing challenges.

These approaches combine to help children develop the knowledge, skills, and confidence to keep themselves safe, build positive relationships, and show resilience when facing difficulties.

5.3 Children who are absent from education

- Children being absent from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and child criminal exploitation - particularly county lines.
- A robust response to children who are absent from education for prolonged periods and/or on repeat occasions will support the identification of such abuse and may help prevent the risk of children going missing in the future. This includes when problems are first emerging and also where children are already known to Kent Integrated Childrens Services and/or have a social worker (such as a child who is a child in need or who has a child protection plan, or is a looked after child), where being absent from education may increase known safeguarding risks within the family or in the community.
- Where possible, the school will hold more than one emergency contact number for each pupil, so we have additional options to contact a responsible adult if a child missing education is also identified as a welfare and/or safeguarding concern. There is an expectation that emergency contact information will be held for both parents, unless doing so would put a child at risk of harm.
- Where the School have concerns that a child has unexplainable and/or persistent absences from education and/or is missing from education, we will respond in line with our statutory duties (DfE: [Children missing education](#)) and local policies. Local support is available via the [Kent PRU and Attendance Service \(KPAS\)](#).

5.4 Children attending alternative provision

- Where the school places a pupil with an alternative provision provider, it continues to be responsible for the safeguarding of that pupil. This includes the school:

- having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend.
 - regularly reviewing (at least half termly) the alternative provision placements made to provide assurance that the child is regularly attending and the placement continues to be safe and meets the child's needs.
- Where safeguarding concerns arise, placements will be immediately reviewed, and terminated, if necessary, unless or until those concerns have been satisfactorily addressed.

5.5 Elective Home Education (EHE)

- Where a parent/carer expresses their intention to remove a child from school with a view to educating at home, we will respond in line with [national Elective Home Education guidance](#) and local [Kent guidance](#).
- We will work together with parents/carers and other key professionals and organisations to ensure decisions are made in the best interest of the child.

5.6 Children who may benefit from Family Help

- Any child may benefit from Family Help, but all staff should be particularly alert to the potential need for Family Help for a child who:
 - is disabled or has certain health conditions and has specific medical/additional needs
 - has special educational needs (whether or not they have a statutory Education, Health and Care plan)
 - has a mental health need
 - is a young carer
 - is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
 - is frequently missing/goes missing from education, home or care,
 - has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit.
 - is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
 - is at risk of being radicalised or exploited
 - has a parent or carer in custody, or is affected by parental offending
 - is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
 - is misusing alcohol and other drugs themselves
 - is at risk of so-called 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage
 - is a privately fostered child.
 - is pregnant or a young parent
 - is displaying early signs of abuse, neglect, exploitation, harmful sexual behaviour, violence, or other concerning behaviours towards others
- Where it is identified a child may need Family Help, staff and DSLs will respond in line with section 3 of this policy.

5.7 Children who need a social worker (child in need and child protection plans)

- The DSL will hold details of social workers working with children in the school so that decisions can be made in the best interests of the child's safety, welfare, and educational outcomes.
- Where children have a social worker, this will inform school decisions about their safety and promoting their welfare, for example, responding to unauthorised absence and provision of pastoral and/or academic support.

5.8 Looked after children (including kinship care), previously looked after children and care leavers

- Sevenoaks Prep recognises the common reason for children becoming looked after is as a result of abuse, neglect and/or exploitation, and a previously looked after child also potentially remains vulnerable.
- The school has appointed a '[designated teacher](#)' (Anna Arnett, Head of Pre-Prep and DSL) who works with local authorities, including the [Virtual School Kent \(including the virtual school head\)](#), to promote the educational achievement of registered pupils who are looked after or who have been previously looked after, including those in [kinship care](#).
- The designated teacher will work with the DSL to ensure appropriate staff have the information they need in relation to a child's looked after legal status, contact arrangements with birth parents or those with parental responsibility, care arrangements and the levels of authority delegated to the carer by the authority looking after them.
- Where a child is looked after, the DSL will hold details of the social worker and the name of the virtual school head in the authority that looks after the child.
- Where a child is leaving care, the DSL will hold details of the local authority Personal Advisor appointed to guide and support them and will liaise with them as necessary regarding any issues of concern.

5.9 Children who are privately fostered

- [Private fostering](#) occurs when a child under the age of 16 (under 18 for children with a disability) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or a relative in their own home. A child is not privately fostered if the person caring for and accommodating them has done so for less than 28 days and does not intend to do so for longer.
- Where private fostering arrangements come to the attention of the school, for example, through the normal course of their interaction and promotion of learning activities with children, we must notify Kent Integrated Children's Services in line with the local [KSCMP arrangements](#) in order to allow the local authority to check the arrangement is suitable and safe for the child.

5.10 Children who are Lesbian, Gay, Bisexual, or Gender Questioning

- Being lesbian, gay, bisexual or gender questioning is not, in itself, an inherent risk factor for harm, however, Sevenoaks Prep recognises that children who are lesbian, gay, bisexual or gender questioning or are perceived by other children to be lesbian, gay, bisexual or gender questioning (whether they are or not) can be targeted by other children or others within the wider community.
- When supporting a gender questioning child, the school will consider the broad range of their individual needs, in partnership with the child's parents (other than in the rare circumstances where involving parents would constitute a significant risk of harm to the child), including any clinical advice that is available and how to address wider vulnerabilities, such as to support any complex mental health and psychosocial needs and to manage the risk of bullying.
- Sevenoaks Prep recognises risks can be compounded where children who are lesbian, gay, bisexual or gender questioning lack a trusted adult with whom they can be open. Appropriate education is included within our Relationship and Sex Education and Health Education curriculum, and our staff will endeavour to reduce the additional barriers faced and provide a safe space that facilitates a culture where children can speak out or share any concerns.

6. Online Safety

- It is essential that children are safeguarded from potentially harmful and inappropriate material or behaviours online. Sevenoaks Prep will adopt a whole school approach to online safety which will empower, protect, and educate our pupils and staff in their use of technology, and establish mechanisms to identify, intervene in, and escalate any concerns where appropriate.
- Children who experience child-on-child abuse, harmful sexual behaviour or sexual harassment, as well as children displaying such behaviours, may require additional safeguarding support and intervention.
- Sevenoaks Prep will ensure online safety is considered as a running and interrelated theme when devising and implementing our policies and procedures, and when planning our curriculum, staff training, the role and responsibilities of the DSL and parental engagement.
- Sevenoaks Prep identifies that the breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:
 - Content: being exposed to illegal, inappropriate, or harmful content, for example: pornography, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, extremism, misinformation, disinformation (including fake news) and conspiracy theories.
 - Contact: being subjected to harmful online interaction with other users. For example, peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
 - Conduct: personal online behaviour that increases the likelihood of, or causes, harm. For example, making, sending and receiving explicit images (including consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying.
 - Commerce: risks such as online gambling, inappropriate advertising, phishing and or financial scams.
- Sevenoaks Prep recognises that technology and the risks and harms related to it evolve and change rapidly. The school will carry out an annual review of our approaches to online safety, supported by an annual risk assessment, which considers and reflects the current risks our children face online.
- The Head will be informed of any online safety concerns by the DSL, as appropriate. The named governor for safeguarding will report on online safety practice and incidents, including outcomes, on a regular basis to the wider governing body.
- The DSL has overall responsibility for online safety within the school but will liaise with other members of staff, for example IT technicians and curriculum leads as necessary.
- The DSL will respond to online safety concerns in line with our child protection and other associated policies, including our Anti-bullying policy and behaviour policies.
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.
- Sevenoaks Prep uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, our school intranet and email systems.
- All school owned devices and systems will be used in accordance with relevant policies, including but not limited to acceptable use policies, mobile and devices policies, and with appropriate safety and security measures in place.

6.1 Generative Artificial Intelligence (AI)

- Sevenoaks Prep recognises that when used safely, effectively and with the right infrastructure in place, generative artificial intelligence (AI) tools have many uses which could benefit our entire school community.

- Staff should be aware that AI tools can be used to facilitate child-on-child abuse, sexual harassment, bullying, exploitation, fraud, impersonation, the creation of deepfake imagery, and AI-generated sexual content. Concerns identified through the use of AI should be managed in accordance with safeguarding procedures and relevant statutory guidance.
- However, it is important to recognise that AI tools can also pose safeguarding risks to our community as well as moral, ethical and legal concerns. This includes, but is not limited to:
 - exposure to inappropriate or harmful content, including bullying, harassment, abuse and exploitation
 - privacy and data protection breaches/risks
 - intellectual property infringements
 - academic integrity challenges such as plagiarism and cheating
 - exposure to inaccurate, misleading, or biased content.
- Sevenoaks Prep only permits the use of generative AI tools which have been approved and provided by the School for work and/or educational purposes, following the senior leadership team undertaking risk assessments and/or data protection impact assessments prior to use. This includes:
 - Microsoft Copilot
- Staff and pupils will be made aware of the benefits and risks of using generative AI tools and the School expectations by:
 - The use of specific lessons
 - staff training
- Sevenoaks Prep will respond to any misuse of AI in line with relevant policies, including but not limited to, anti-bullying, behaviour, data protection, complaints and child protection.
- Where the School believe that AI tools may have facilitated the creation of child sexual abuse material, the School will respond in line with existing local safeguarding procedures and national guidance from the IWF and NCA-CEOP.
- Where the School is responding to concerns regarding digitally manipulated and AI-generated nudes and semi-nudes, the School will respond in line with section 4.3 of this policy and the local KSCMP safeguarding procedures and UKCIS 'Sharing nudes and semi-nudes: advice for education settings working with children and young people' guidance.
- Where the School believe that AI tools may have facilitated deep fake abuse of adults, advice and support will be provided to individuals affected, such as via Unions, Professionals Online Safety Helpline or Report Harmful Content and/or if a crime has been committed, via the police. Action will be taken in line with relevant School policies, including but not limited to, anti-bullying, behaviour and complaints.

6.2 Mobile and Smart Technology

- Sevenoaks Prep recognises the specific risks that can be posed by mobile and smart technology, including mobile/smart phones, cameras, wearable technology and any other electronic devices with imaging and/or sharing capabilities.
- In accordance with KCSIE and EYFS Sevenoaks Prep has appropriate mobile and smart technology and image use policies in place, which are shared and understood by all members of the community. Sevenoaks Prep has clear rules regarding the possession and use of mobile phones by pupils, staff, volunteers and visitors.

6.3 Appropriate filtering and monitoring on School devices and networks

The UK Safer Internet Centre published updated [guidance in 2026](#) as to what “appropriate” filtering and monitoring might look like; DSLs and the School’s Senior Management Team (SMT) will ensure they are familiar with this updated guidance and its implications, for example filtering and monitoring responsibilities now explicitly include technologies using generative AI.

To support schools and colleges to meet this duty, the Department for Education has published filtering and monitoring standards which set out that schools and colleges should:

- identify and assign roles and responsibilities to manage filtering and monitoring systems
- review the effectiveness of filtering and monitoring provision at least once in every academic year and record the review
- block harmful and inappropriate content without unreasonably impacting teaching and learning
- have effective monitoring strategies in place that meet their safeguarding needs

The School uses the DfE’s ‘plan technology for your school service’ to self-assess against the DfE filtering and monitoring standards and receive personalised recommendations on how to meet them.

Sevenoaks Prep will do all we reasonably can to limit children’s exposure to online harms through School provided devices, systems, platforms and networks. In line with the requirements of the Prevent Duty and KCSIE, we will ensure that appropriate filtering and monitoring systems are in place.

This includes ensuring application of appropriate filtering and monitoring to both static content, as well as dynamic and AI-generated materials, products and/or systems used.

When implementing appropriate filtering and monitoring, Sevenoaks Prep will ensure that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

Whilst filtering and monitoring is an important part of our online safety responsibilities, it is only one part of our approach, and we recognise that we cannot rely on filtering and monitoring alone to safeguard our pupils/students. Effective safeguarding practice, robust policies, appropriate classroom/ behaviour management and regular education/ training about safe and responsible use is essential and expected.

Pupils/students will use appropriate search tools ensuring safe search is enabled, apps and online resources as identified by staff shall be age appropriate, following an informed risk assessment and/or a data privacy impact assessment as relevant.

Internet use will be supervised by staff as appropriate to pupils/students age, ability and potential risk of harm. Classroom management tools (Veyon, Senso.Cloud, Apple Classroom) are used to monitor all students’ screens whilst in use. Students will be supervised by a member of staff.

6.3.1 - Responsibilities

Our Chair of Governors has overall strategic responsibility for our filtering and monitoring approaches, including ensuring that our filtering and monitoring systems are regularly reviewed, and that the leadership team and relevant staff have an awareness and understanding of the appropriate filtering and monitoring provisions in place, manage them effectively and know how to escalate safeguarding concerns when identified.

Anna Arnett (a member of the senior leadership team/DSL) and Kevin Rush (governor), are responsible for ensuring that our School has met the DfE Filtering and monitoring standards for schools and colleges.

Our senior leadership team is responsible for:

- procuring filtering and monitoring systems
- documenting decisions on what is blocked or allowed and why
- reviewing the effectiveness of our provision
- overseeing reports

- ensuring that all staff understand their role, are appropriately trained, follow policies, processes and procedures and act on reports and concerns
- ensuring the DSL and IT service providers/staff have sufficient time and support to manage their filtering and monitoring responsibilities

The DSL has lead responsibility for overseeing and acting on:

- any filtering and monitoring reports
- any child protection or safeguarding concerns identified
- checks to filtering and monitoring system

The IT service providers/staff have technical responsibility for:

- maintaining filtering and monitoring systems
- providing filtering and monitoring reports
- completing technical actions identified following any concerns or checks to systems
- working with the senior leadership team and DSL to procure systems, identify risks, carry out reviews and carry out checks

All members of staff are provided with an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring as part of our induction process, and in our child protection staff training.

All staff, pupils/students and parents/carers have a responsibility to follow this policy to report and record any filtering or monitoring concerns.

6.3.2 - Decision making and reviewing our filtering and monitoring provision

Decisions made in relation to the implementation of appropriate filtering and monitoring will be recorded for reference and be available to those entitled to inspect that information.

When procuring and/or making decisions about our filtering and monitoring provision, our senior leadership team works closely with the DSL and the IT service providers/staff.

Decisions about our filtering and monitoring provision have been recorded and informed by an approach which ensures our systems meet our School needs and circumstances, including but not limited to our pupil risk profile which considers the specific vulnerabilities (including age and ability), risk and context of our pupils/students, and our School specific technology use.

Any changes to the filtering and monitoring approaches will be assessed by staff with safeguarding, educational and technical experience and with approval from the leadership team; all changes to the filtering policy are logged and recorded.

Our School undertakes regular (at least annual) reviews of our filtering and monitoring approaches to ensure we understand the changing needs and potential risks posed to our community. This review will involve members of the senior leadership team, the DSL and IT staff/IT service provider and involve the governor with responsibility for safeguarding.

The School will undertake termly testing of filtering and monitoring systems.

A formal review of our filtering and monitoring systems will be done as a minimum annually, and revisited if a safeguarding risk is identified, if there is a change in working practice, such as remote access or 'Bring Your Own Device' (BYOD), or any new technology use is introduced.

In addition, our School undertakes regular and active checks on our filtering and monitoring systems to ensure our systems work effectively in practice and as expected, and to provide assurance to the governing body/proprietor that we are continuing to meet our safeguarding obligations. These checks are logged and recorded.

These checks are achieved by:

- termly use of the Test Filtering service
- termly checks on random devices from different areas of the school. Searches are conducted in the presence of a DSL/DDSL and IT Support Staff. These are carried out within secure offices of the school ensuring there is not students present, and confidentiality can be achieved
- checks are logged by IT Support Staff and any further actions needed are completed by the relevant members of staff, either the DSL or IT Support
- all actions taken are logged and recorded

6.3.3 - Appropriate filtering

No filtering system can be 100% effective; schools and colleges need to understand the coverage of their filtering system, any limitations it has, and mitigate accordingly to minimise harm and meet their statutory requirements as identified in KCSIE and the Prevent duty.

Sevenoaks Preparatory Schools's internet connectivity is provided through tecwork (Gamma Leased Line) and Sevenoaks Prep uses Lightspeed Filter (Lightspeed Systems) and Fortinet to block access to harmful content.

Lightspeed Filter (Lightspeed Systems) and Fortinet blocks School provided internet access to illegal content and activity as identified in the Online Safety Act, including:

- Child Sexual Abuse Material (CSAM)
- Controlling or coercive behaviour
- Extreme sexual violence
- Extreme pornography
- Fraud
- Racially or religiously aggravated public order offences
- Inciting violence
- Illegal immigration and people smuggling
- Promoting or facilitating suicide
- Intimate image abuse
- Selling illegal drugs or weapons
- Sexual exploitation
- Terrorism

Lightspeed Filter (Lightspeed Systems) Fortinet is a member of Internet Watch Foundation (IWF) and uses IWF services to block access to CSAM.

Lightspeed Filter (Lightspeed Systems) and Fortinet has signed up to Counter-Terrorism Internet Referral Unit list (CTIRU).

Lightspeed Filter (Lightspeed Systems) and Fortinet blocks School provided internet access to sites which could promote or include harmful and/or inappropriate behaviour or material. This includes content or activity which promotes hate speech or discrimination, gambling, harmful bullying content, malware/hacking, mis-disinformation, privacy and copyright theft, pornography, self-harm and eating disorders and/or violence against women and girls.

Our filtering system is operational, up to date and applied to all users, including guest accounts, all School owned or provided devices, systems and networks, and all devices using the School internet connection. All school owned devices have a Lightspeed Filter agent installed which applies a filter on a device level when users are logged in. This filter applies both on site and off site. The agent reports back all activity based on the user that is logged into the device. Classroom based iPads are checked in and out by the class teacher so they know who is using each device. The filter/monitor reports on the device name and IP address. The filtering system allows us to determine the device/user of any alerts. Visitors to the school are given unique credentials to login to the School's wireless network. This is a segregated network and filtered.

The DSL and leadership team will work with Lightspeed Filter (Lightspeed Systems) and our IT service providers/staff as appropriate and as identified in section 6.3.2, to ensure that our filtering policy is continually checked and reviewed to reflect our needs and requirements.

If there is failure in the software or abuse of the system, for example if pupils/students or staff accidentally or deliberately access, witness or suspect unsuitable material has been accessed, they are required to:

- turn off the screen, report the concern immediately to a member of staff or the DSL
- report any URLs that have been accessed to the DSL and IT Support

Filtering breaches will be reported to the DSL and technical staff and will be recorded and escalated as appropriate and in line with relevant policies, including our child protection, acceptable use, allegations against staff and behaviour policies.

Parents/carers will be informed of filtering breaches involving their child, unless to do so would put a child at risk of harm or compromise a criminal investigation.

Any access to material believed to indicate a risk of significant harm, or that could be illegal, will be reported as soon as it is identified to the appropriate agencies, including but not limited to the Internet Watch Foundation (where there are concerns about child sexual abuse material), Kent Police, NCA-CEOP or Kent Integrated Children's Services via the Kent Integrated Children's Services Portal.

If staff are teaching topics which could create unusual activity on the filtering logs, or if staff perceive there to be unreasonable restrictions affecting teaching, learning or administration, they will report this to the DSL and/or leadership team.

6.3.4 - Appropriate monitoring

Leaders and DSLs will access the updated UK Safer Internet Centre definitions and guidance and the DfE filtering and monitoring standards for further information about appropriate monitoring approaches and what they entail.

No monitoring system can be 100% effective; schools and colleges need to understand the coverage of their monitoring approaches system, any limitations, and mitigate accordingly to minimise harm and meet their statutory requirements as identified in KCSIE and the Prevent duty.

We will appropriately monitor the use of all School provided devices and networks to detect safeguarding risks in real or near-real time, including accessing or attempting to access, or engaging with or attempting to engage with illegal and/or harmful/inappropriate content or activity by any user. This is achieved by:

- during lessons students are physically supervised/monitored by staff
- Senso.Cloud monitoring software is installed on all Windows based computers and will proactively alert us to any concerning activity. This monitoring is enabled both on and off site
- iPads will be monitored by staff physically and with the use of Apple Classroom

In accordance with our Mobile and Smart Technology Policy, Sevenoaks Prep does allow use of personal devices by staff and/or pupils/students. As such, we will ensure they are appropriately monitored in accordance with safeguarding and data protection legislation.

All users will be informed that use of our devices and networks can/will be monitored and that all monitoring is in line with data protection, human rights and privacy legislation.

If a concern is identified via our monitoring approaches:

- where the concern relates to pupils/students, it will be reported to the DSL and will be recorded and responded to in line with relevant policies, such as child protection, acceptable use and behaviour policies
- where the concern relates to staff, it will be reported to the Headmaster (or chair of governors if the concern relates to the Headmaster), in line with our staff code of conduct/behaviour/ allegations policy

Parents/carers will be informed of safeguarding concerns involving their child identified through our monitoring approaches, unless to do so would put a child at risk of harm or compromise a criminal investigation.

Where our monitoring approaches detect any immediate risk of harm or illegal activity, this will be reported as soon as possible to the appropriate agencies; including but not limited to, the emergency services via 999, Kent Police via 101, NCA-CEOP, LADO or Kent Integrated Children's Services via the Kent Integrated Children's Services Portal.

6.4 Information security and access management

- Sevenoaks Prep is responsible for ensuring an appropriate level of security protection procedures are in place, in order to safeguard our systems as well as staff and pupils. Further information can be found in acceptable use policies and online safety policy.
- Sevenoaks Prep will review the effectiveness of our procedures periodically to keep up with evolving cyber-crime technologies.
- Anna Arnett (DSL) and Kevin Rush, Chair of Governors, are responsible for ensuring that our School has met the DfE cyber security standards.

6.5 Remote/Online learning

- Sevenoaks Prep will ensure any remote/online sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements and any local/national guidance.
- All communication with pupils and parents/carers will take place using School provided or approved communication channels; for example, School provided email accounts and phone numbers and/or agreed systems: Microsoft 365.
 - Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and pupils will engage with remote/online teaching and learning, in line with existing behaviour principles as set out in our School behaviour policy/code of conduct and Acceptable Use Policies.
- Staff and pupils will be encouraged to report issues experienced at home when participating in remote/online learning; concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Acceptable Use Policy (AUP).

6.6 Online Safety Training for Staff

- Sevenoaks Prep will ensure that all staff receive online safety training, which, amongst other things, will include providing them with an understanding of the expectations, applicable roles and their responsibilities in relation to filtering and monitoring, as part of induction.
- Ongoing online safety training and updates for all staff will be integrated, aligned and considered as part of our overarching safeguarding and child protection training approach. See section 7 for more information.

6.7 Educating pupils/students

- Sevenoaks Prep will ensure a comprehensive whole School curriculum response is in place to enable all pupils to learn about and manage online risks effectively as part of providing a broad and balanced curriculum. See section 9 for more information.

6.8 Working with parents/carers

- Sevenoaks Prep will build a partnership approach to online safety and will support parents/carers to become aware and alert of the potential benefits and risks and to reinforce the importance of children being safe online by:
 - providing information on our School website and through existing communication channels (such as official social media, newsletters), offering specific online safety events for parents/carers or highlighting online safety at existing events.
- Sevenoaks Prep will ensure parents and carers understand what systems are used to filter and monitor their children's online use at School, what their children are being asked to do online, including the sites they will be asked to access and who from the School (if anyone) their child is going to be interacting with online. This is achieved by:
 - providing information on our School website and relevant policies such as acceptable use, home/school agreements and through existing communication channels.
- Where the School is made aware of any potentially harmful risks, challenges and/or hoaxes circulating online, national or locally, we will respond in line with the DfE '[Harmful online challenges and online hoaxes](#)' guidance to ensure we adopt a proportional and helpful response.

7. Staff Engagement and Expectations

7.1 Staff awareness, induction and training

- All staff will receive and read Part One of Keeping Children Safe in Education. Staff may also be provided with the DfE's "Part One: Overview for all staff" as a supplementary reference document.
 - School leaders, including the DSL and governors/trustees will read KCSIE in its entirety.
 - All members of staff have signed to confirm that they have read and understood the national guidance shared with them. This information is kept by the DSL.
- It is a requirement that all members of staff have access to this policy and sign to say they have read **and** understood its contents. All staff are expected to re-read this policy at least annually (and following any updates) to ensure they understand our expectations and requirements.
- All new staff and volunteers (including agency and third-party staff) receive safeguarding and child protection training (including online safety, which, amongst other things, will include ensuring an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring) to ensure they are aware of the School internal safeguarding processes, as part of their induction. This training is regularly updated and is in line with advice from the local safeguarding partners and explores the Kent processes to follow. This is achieved through the new staff induction process in addition to online training.
- All staff members (including agency and third-party staff) will receive appropriate child protection training (including online safety) that is updated at least annually, to ensure they are aware of a range of safeguarding issues and how to report concerns. This will be achieved through annual INSET and additional training/email updates.
- Online safety training for staff will include awareness of emerging technologies, artificial intelligence (AI), online harms, filtering and monitoring arrangements, and digital safeguarding risks.
- Training will include emerging safeguarding themes and risks, including child-on-child abuse, harmful sexual behaviour, online harms, and other local or national safeguarding priorities.
- Records of staff engagement and completion are kept by the DSL.

- In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. This is achieved through staff meetings, INSET training and email updates from the safeguarding team.
- Sevenoaks Prep recognises and values the expertise staff develop by undertaking safeguarding training and from managing safeguarding concerns on a daily basis, and staff are encouraged to contribute to and shape School safeguarding arrangements and child protection policies. This is achieved through open dialogue amongst colleagues and a culture of sharing ideas and providing feedback to the safeguarding team.
- All governors and trustees receive appropriate safeguarding and child protection (including online safety) training at induction. This training equips them with the knowledge to provide strategic challenge to be assured that our safeguarding policies and procedures are effective and support the delivery of a robust whole school approach to safeguarding. This training is regularly updated. The DSL provides updates to governors at governor meetings (at least annually) or via email communications. This training enables governors to provide strategic challenge and assure themselves that safeguarding arrangements, including online safety and filtering and monitoring systems, are effective.
- The DSL and Head will provide an annual report to the governing body detailing safeguarding training undertaken by all staff and will maintain an up-to-date record of who has been trained.

7.2 Safer working practice

- Our school takes steps as outlined in this and other relevant policies to ensure processes are in place for staff that promote continuous vigilance, maintain an environment that deters and prevents abuse and challenges inappropriate behaviour.
- All members of staff are required to work within our clear guidelines on safer working practice as outlined in the staff code of conduct.
- The DSL will ensure that all staff (including contractors) and volunteers are aware of the School expectations regarding safe and professional practice via the staff code of conduct and Acceptable Use Policy (AUP).
- Staff will be made aware of the school behaviour management and physical intervention policies. Staff will manage behaviour effectively to ensure a good and safe educational environment and will have a clear understanding of the needs of all children. Any physical interventions and/or use of reasonable force will be in line with our agreed policy and procedures, and national guidance.
- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to relevant school policies including staff behaviour policy, mobile and devices policies, Acceptable Use Policies (AUPs), and social media.

7.3 Supervision and support

- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- The school will ensure that members of staff who are working within the foundation stage are provided with appropriate supervision in accordance with the statutory requirements of Early Years Foundation Stage (EYFS).
- The school will provide appropriate supervision and support for all members of staff to ensure that:

- All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children
 - All staff are supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

8. Safer Recruitment and Allegations Against Staff

8.1 Safer recruitment and safeguarding checks

- Sevenoaks Prep is committed to ensuring that we develop a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff. We recognise that we must ensure that people working with children in our setting are suitable, have the relevant qualifications/training and have passed any required checks to fulfil their roles.
 - Sevenoaks Prep will follow Part three, 'Safer recruitment' of Keeping Children Safe in Education and relevant guidance from The Disclosure and Barring Service (DBS).
 - The governing body and senior leadership team are responsible for ensuring that the school follows safe recruitment processes as outlined within the KCSIE guidance.
 - At least one person conducting any staff appointment process, including interviews, will have completed appropriate safer recruitment training.
 - From 1 September 2026, any volunteer undertaking regulated activity will be subject to an enhanced DBS check including children's barred list information irrespective of supervision arrangements.
- The school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- Sevenoaks Prep is committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- All staff are required to disclose any circumstance that may affect their suitability to work with children, including relevant criminal convictions, cautions, court orders or ongoing investigations.
- Where Sevenoaks Prep places a pupil with an alternative provision provider, we will:
 - obtain written information from the alternative provision provider that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e., those checks that our school would otherwise perform in respect of our own staff.
 - obtain written confirmation that the alternative provider will inform the commissioning school of any arrangements that may put the child at risk (i.e. staff changes), so that the commissioning school can ensure itself that appropriate safeguarding checks have been carried out on new staff.
 - The School will continue to be responsible for safeguarding and promoting the welfare of pupils placed in alternative provision.

8.2 Allegations/concerns raised in relation to staff, including supply teachers, volunteers and contractors

- Any concerns or allegations about staff will be recorded and dealt with appropriately in line with Part four of KCSIE and the [local Kent allegations arrangements](#), including discussions as necessary with the Local Authority Designated Officer (LADO).
- In depth information can be found within our 'Managing Allegations against Staff' and Staff Handbook. This can be found on our school intranet.
- Any concerns or allegations about staff will be recorded and dealt with in line with Part four of KCSIE and reported as appropriate in line with local [Kent allegations management arrangements](#). Ensuring concerns are dealt with effectively will protect those working in or on behalf of the school from potential false allegations or misunderstandings.
- Where the Head is unsure how to respond, for example if the school is unsure whether a concern meets the harm threshold (section 8.2.1), advice will be sought via the [LADO Education Safeguarding Advisory Service](#) enquiry form.
- After resolving or concluding allegations or low-level concerns about staff, the Head, along with the LADO, if involved, will review the case to identify lessons learned and any possible improvements.
- In the situation that the school receives an allegation relating to an incident that happened when an individual or organisation was using our premises for the purposes of running activities with our pupils (for example community groups, sports associations, or service providers that run extra-curricular activities), we will follow our safeguarding policies and procedures, including informing the LADO.

8.2.1 Concerns that meet the 'harm threshold'

- Sevenoaks Prep recognises that it is possible for any member of staff, including volunteers, governors, contractors, agency and third-party staff (including supply teachers) and visitors to behave in a way that indicates a person would pose a risk of harm if they continue to work in their present position, or in any capacity with children in a school or college. This includes when someone has:
 - behaved in a way that has harmed a child, or may have harmed a child
 - possibly committed a criminal offence against or related to a child
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- Allegations against staff which meet this threshold will be responded to and managed in line with Part four of KCSIE. Allegations that meet the harm threshold will be referred immediately to the Head who will contact [the LADO](#) to agree further action to be taken in respect of the child and staff member.
- In the event of allegations of abuse being made against the Head, staff are advised that allegations should be reported to the chair of governors who will contact the LADO. Allegations being made against the DSL should be reported to the Head.
- If staff are concerned that appropriate safeguarding action is not being taken following an allegation against a colleague, they are advised to follow our whistleblowing process and/or to contact the LADO directly themselves.

8.2.2 Concerns that do not meet the 'harm threshold'

- Sevenoaks Prep may also need to take action in response to 'low-level' concerns about staff. Additional information regarding low-level concerns is contained with our staff code of conduct – this includes what a low-level concern is, the importance of sharing them and the confidential procedure to follow when sharing them.

- Sevenoaks Prep has an open and transparent culture in which all concerns about all adults working in or on behalf of the school are dealt with promptly and appropriately; this enables us to identify inappropriate, problematic or concerning behaviour early, minimise the risk of abuse and ensure that adults working in or on behalf of the school are clear about and act within appropriate professional boundaries, and in accordance with our ethos and values.
 - A 'low-level' concern does not mean that it is insignificant; a low-level concern is any concern that an adult working in or on behalf of the school may have acted in a way that is inconsistent with our staff code of conduct, including inappropriate conduct outside of work and online.
 - and does not meet the 'harm threshold' or is otherwise not serious enough to consider a referral to [the LADO](#).
 - Low-level concerns may arise in several ways and from a number of sources. For example, suspicion, complaints, or allegations made by a child, parent or other adult within or outside of the organisation, or as a result of vetting checks.
- It is crucial that all low-level concerns are shared responsibly, recorded and dealt with appropriately to protect staff from becoming the subject of potential false low-level concerns or misunderstandings.
 - Low-level concerns should be shared confidentially in line with our code of conduct to Anna Arnett, DSL and Head of Pre-Prep.
 - Where low-level concerns are reported to the school, the Head will be informed of all low-level concerns and is the ultimate decision maker in respect of the response to all low-level concerns.
 - The Head will share concerns and liaise with [the LADO](#) enquiries officer.
 - Any low-level concern about the DSL should be reported to the Head.
 - Any low-level concern about the Head should be reported to the Chair of Governors.
 - Low-level concerns shared about supply staff and contractors will be shared with their employers so any potential patterns of inappropriate behaviour can be identified.
 - If the school is in any doubt as to whether the information which has been shared about a member of staff as a low-level concern in fact meets the harm threshold, we will consult with [the LADO](#).
 - Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified.
 - Records will be kept confidential and will be held securely and retained and in compliance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example data retention policies).
 - Where a pattern is identified, the school will implement appropriate action, for example consulting with [the LADO](#) and following our disciplinary/HR procedures.

8.3 Safe Culture

- As part of our approach to safeguarding, the school has created and embedded a culture of openness, trust and transparency in which our values and expected behaviour as set out in our code of conduct are constantly lived, monitored and reinforced by all staff (including supply teachers, volunteers and contractors) and where all concerns are dealt with promptly and appropriately.
- Staff are encouraged and should feel confident to self-refer, if they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or, on reflection, believe they have behaved in a way that falls below expected professional standards. This includes where concerns may be felt to be deliberately invented or malicious; such allegations are extremely rare and as such all concerns should be reported and recorded.
- All staff and volunteers should feel able to raise any concerns about poor or unsafe practice and potential failures in the school safeguarding regime. The leadership team at Sevenoaks Prep will take all concerns or allegations received seriously.

- All members of staff are made aware of the school Whistleblowing procedure (available on the school website). It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- Sevenoaks Prep has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left. The DBS will consider whether to bar the person.
 - If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the [LADO](#) and/or the school bursar (bursar@theprep.org.uk).

9. Opportunities to Teach Safeguarding

- Sevenoaks Prep will ensure that children are taught about safeguarding, including online safety, media literacy, digital resilience, appropriate online relationships and the risks associated with sharing content online, including emerging technologies and AI-generated content.
- This will include covering relevant issues through Relationships Education (primary schools)/Relationships and Sex Education (secondary schools).
- We recognise that school plays an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour, what is 'safe,' to recognise when they and others close to them are not safe, and how to seek advice and support when they are concerned. Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that pupils have a range of age-appropriate contacts and strategies to ensure their own protection and that of others.
- Sevenoaks Prep recognises the crucial role we have to play in preventative education. Preventative education is most effective in the context of a whole School approach which prepares pupils for life in modern Britain and creates a culture of zero tolerance for harmful sexual behaviour, sexism, misogyny/misandry, homophobia, biphobia, sexual harassment and sexual violence. The School recognises that sexist and misogynistic language, attitudes and behaviours may be indicators of wider safeguarding concerns and will be challenged appropriately.
- Sevenoaks Prep has a clear set of values and standards, upheld, and demonstrated throughout all aspects of school life which are underpinned by our behaviour policy and pastoral support system, as well as by a planned programme of evidence based RSHE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum. Our programme is fully inclusive and developed to be age and stage of development appropriate.
- Sevenoaks Prep recognises that a one size fits all approach will not be appropriate for all children, and a more personalised or contextualised approach, tailored to the specific needs and vulnerabilities of individual children might be needed, for example children who are victims of abuse, neglect, exploitation or child-on-child abuse, children displaying harmful behaviours, and children with SEND.
- Our school systems support children to talk to a range of staff. All children will be listened to and heard, and their concerns will always be taken seriously and acted upon as appropriate.
- Sevenoaks Prep recognises the value of external organisations and/or speakers visiting to provide useful information or to help enrich children's education. However, school will always assess the suitability of external organisations or speakers before granting them access to pupils; this may include an assessment

of the educational value, the age/ability appropriateness of content and whether relevant safeguarding checks will be required.

9.1 Sport, toilets, changing rooms and showers

- Safeguarding arrangements for sport and premises comply with the Equality Act 2010, the Education (Independent School Standards) Regulations 2014 and KCSIE 2026.
- Pupils aged 8 and over are provided with separate toilets for boys and girls, except where a self-contained individual toilet is intended for use by one pupil at a time and can be locked from the inside.
- A pupil aged 11 or over at the start of the school year will not be required or permitted to undress in front of a pupil of the opposite biological sex. Alternative arrangements will be considered where needed and will protect the safety, comfort, privacy and dignity of all pupils.
- Where safety or fairness requires single-sex sport, the School will follow the relevant legal framework and guidance from the sport's national governing body.

10. Physical Safety

10.1 Use of 'reasonable force'

- There may be circumstances when it is appropriate for staff to use reasonable force to safeguard children and staff and to maintain good order and discipline. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a child needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. Further information regarding our approach and expectations can be found in our behaviour policy and in line with the DfE ['Use of reasonable force in schools'](#) guidance.

10.2 The use of School premises by other organisations

- Where our school facilities or premises are rented/hired out to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) we will ensure that appropriate arrangements are in place to keep children safe.
 - Where those services or activities are provided under the direct supervision or management of our school staff, our existing arrangements for child protection, including this policy, will apply.
 - Where services or activities are provided separately by another body using the School facilities/premises, the Head and governing body will seek assurance that safeguarding arrangements are effective and that appropriate safeguarding and child protection policies, procedures, safer recruitment practices, staff training and reporting mechanisms are in place (including inspecting these as needed); and ensure that there are arrangements in place for the provider to liaise with the school on these matters where appropriate. If this assurance is not achieved, an application to use premises will be refused.
 -
- Safeguarding requirements will be included in any transfer of control agreement (such as a lease or hire agreement), as a condition of use and occupation of the premises. Failure to comply with this will lead to termination of the agreement.

10.3 Site security

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light.

- Gates to the Pre-Prep are locked via a Paxton gate lock and need an access pass to open.
- An electronic barrier requiring an access pass or passcode restricts access of vehicles to the internal part of the school
- All staff wear lanyards
- All buildings require an access pass to access
- All teaching buildings require an access pass to gain entry. Access permissions are reviewed periodically to ensure staff only have access appropriate to their role.
- Appropriate checks and supervision will be undertaken in respect of visitors and volunteers coming into School as outlined within national guidance.
 - Visitors are required to sign in and out via the office where an electronic signing in system is used
 - All visitors are required to display a visitor's badge whilst on site,
 - All visitors without an appropriate DBS will be escorted/supervised at all times.

For visitors attending in a professional capacity, such as social workers, Family Help staff and other professionals, the School will check identification and seek assurance that appropriate safeguarding and vetting checks have been completed by their employer.

Any individual who is not known, identifiable or authorised to be on site should be challenged appropriately for clarification and reassurance and reported in accordance with school procedures.

- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

11. Local Support

- All members of staff in Sevenoaks Prep are made aware of local support available.
 - **Kent Integrated Children's Services; Children's Social Work Services and Family Help Intensive Support**
 - [Kent Integrated Children's Services Portal](#) – select 'urgent' if there is an immediate risk/concern
 - Front Door Service No Name Consultation: 03000 411111
 - Out of Hours Number: 03000 419191
 - Kent Support level guidance: www.kscmp.org.uk/guidance/kent-support-levels-guidance
 - **Local Family Help and Preventative Services and Family Hubs**
 - [Family Help and Preventative Services - KELSI](#)
 - [Family Help contacts - KELSI](#)
 - [Kent Family Hubs - Kent County Council](#)
 - **Kent Police**
 - 101 or 999 if there is an immediate risk of harm
 - **Kent Safeguarding Children Multi-Agency Partnership (KSCMP)**
 - www.kscmp.org.uk
 - 03000 421126 or kscmp@kent.gov.uk
 - **Adult Safeguarding**
 - Adult Social Care via 03000 41 61 61 (text relay 18001 03000 41 61 61) or email social.services@kent.gov.uk
 - **Kent LADO Education Safeguarding Advisory Service (LESAS)**
 - [Local Authority Designated Officer \(LADO\) - Kent Safeguarding Children Multi-Agency Partnership](#)

- To refer to the LADO following an allegation being made against a member of staff, complete a referral on the [Kent Integrated Children's Services Portal](#).
- To enquire if a LADO referral should be made, to request strategic education safeguarding or online safety advice, or request other LESAS commissioned services/support, please use the [LESAS enquiry form](#).

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect, harm, exploitation and other safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Abuse can occur within the family, institutional settings, peer groups, online, and in the community and that safeguarding concerns often overlap

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or penetration with an object) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour, for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults, for example, anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing, for example for PE
- Secrecy relating to use of technology
- Sexually transmitted disease or pregnancy
- Fire setting

The [Centre of Expertise on Child Sexual Abuse](#) provides resources to help education professionals identify and respond to concerns of child sexual abuse and abusive behaviours.

Child-to-parent/carers abuse: Abuse perpetrated by a child towards a parent, carer or other family member. This can include physical violence, emotional abuse, coercive behaviour, damage to property, financial abuse and threats or intimidation.

Child-on-Child abuse: Staff should recognise that abuse can be perpetrated by children against other children. Child-on-child abuse is a safeguarding issue and should never be dismissed as banter, part of growing up, or simply a behavioural matter.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face

- Damage or injury around the mouth
- Bi-lateral injuries, such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns, such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Inappropriate/harmful medication usage
- Aggressive behaviour or severe temper outbursts.
- Injuries that cannot be accounted for. Inadequate, inconsistent, or excessively plausible explanations for an injury, or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Emotional abuse can include persistent verbal abuse, criticism, humiliation, belittling or name-calling which undermines a child's self-worth.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Secrecy relating to use of technology
- Excessive need for approval, attention, and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance

- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self esteem
